

Unidata Program Center Staff at the AGU 2016 Meeting

Members of the Unidata Program Center staff will be attending the American Geophysical Union 2016 Fall meeting, December 12-16 2016, in San Francisco. The schedule below lists specific sessions at which UPC staff will be in attendance. See the AGU Fall meeting Scientific Program for additional information on the sessions.

In addition to the talks and poster sessions listed below, Unidata staff will be spending time at the UCAR Community Programs booth in the Exhibit Hall. Stop by to chat or see Unidata's Integrated Data Viewer in action.
