

Unidata Program Center Staff at the AGU 2017 Fall Meeting

Members of the Unidata Program Center staff will be attending the American Geophysical Union 2017 Fall meeting, December 11-15 2017, in New Orleans, LA. The schedule below lists specific sessions at which UPC staff will be presenting or in attendance. See the AGU Fall meeting Scientific Program for additional information on the sessions.

In addition to the talks and poster sessions listed below, Unidata staff will be spending time at the UCAR Community Programs booth (#1626) in the Exhibit Hall. Stop by to chat!

Monday, December 11, 2017

Time	Session	Title	Location	UPC Staff
16:15 - 16:30	IN14A-02	Understand your Algorithm: Drill Down to Sample Visualizations in Jupyter Notebooks	Room 228-230	Yuan Ho

Tuesday, December 12, 2017

Time	Session	Title	Location	UPC Staff
13:40 - 18:00	IN23A-0082	Data-Proximate Analysis and Visualization in the Cloud using Cloudstream, an Open-Source Application Streaming Technology Stack	Poster Hall D-F	Ward Fisher
13:40 - 18:00	IN23A-0083	Reducing Time to Science: Unidata and JupyterHub Technology Using the Jetstream Cloud	Poster Hall D-F	Julien Chastang

Wednesday, December 13, 2017

Time	Session	Title	Location	UPC Staff
10:20 - 12:20 <i>eLightning talk:</i> 10:41 - 10:44	IN32C-07	The Comparison of Point Data Models for the Output of WRF Hydro Model in the IDV	eLightning Area	Yuan Ho, Jeff Weber
11:08 - 11:20	IN32B-05	Meteorological Data Visualization in Multi-User Virtual Reality	Room 228-230	Ward Fisher
12:30 - 13:30	TH33C	EarthCube: A Community-driven Cyberinfrastructure for the Geosciences – A Progress Report (Town Hall)	Room 211-213	Mohan Ramamurthy
13:40 - 18:00	IN33C-0136	Agile Data Curation Case Studies Leading to the Identification and Development of Data Curation Design Patterns	Poster Hall D-F	Joshua Young
13:40 - 18:00	IN33C-0137	NetCDF-CF: Supporting Earth System Science with Data Access, Analysis, and Visualization	Poster Hall D-F	Ethan Davis

Thursday, December 14, 2017

Time	Session	Title	Location	UPC Staff
16:15 - 16:30	IN44B-02	EarthCube Cyberinfrastructure: The Importance of and Need for International Strategic Partnerships to Enhance Interconnectivity and Interoperability	Room 231-232	Mohan Ramamurthy
